

**New charter school opens for 2006-2007 school  
year Salt Lake City, Utah**

**This beautiful school serves elementary level students, grades 1-6. The school is a little over 48,000 square feet in size.**

**The General Contractors, Zollinger Commercial Construction, a family run business out of Logan, Utah spec Thermo-shield Interior Coatings in place of ordinary paint.**

**Entry-way and halls  
get  
Thermo-shield.**

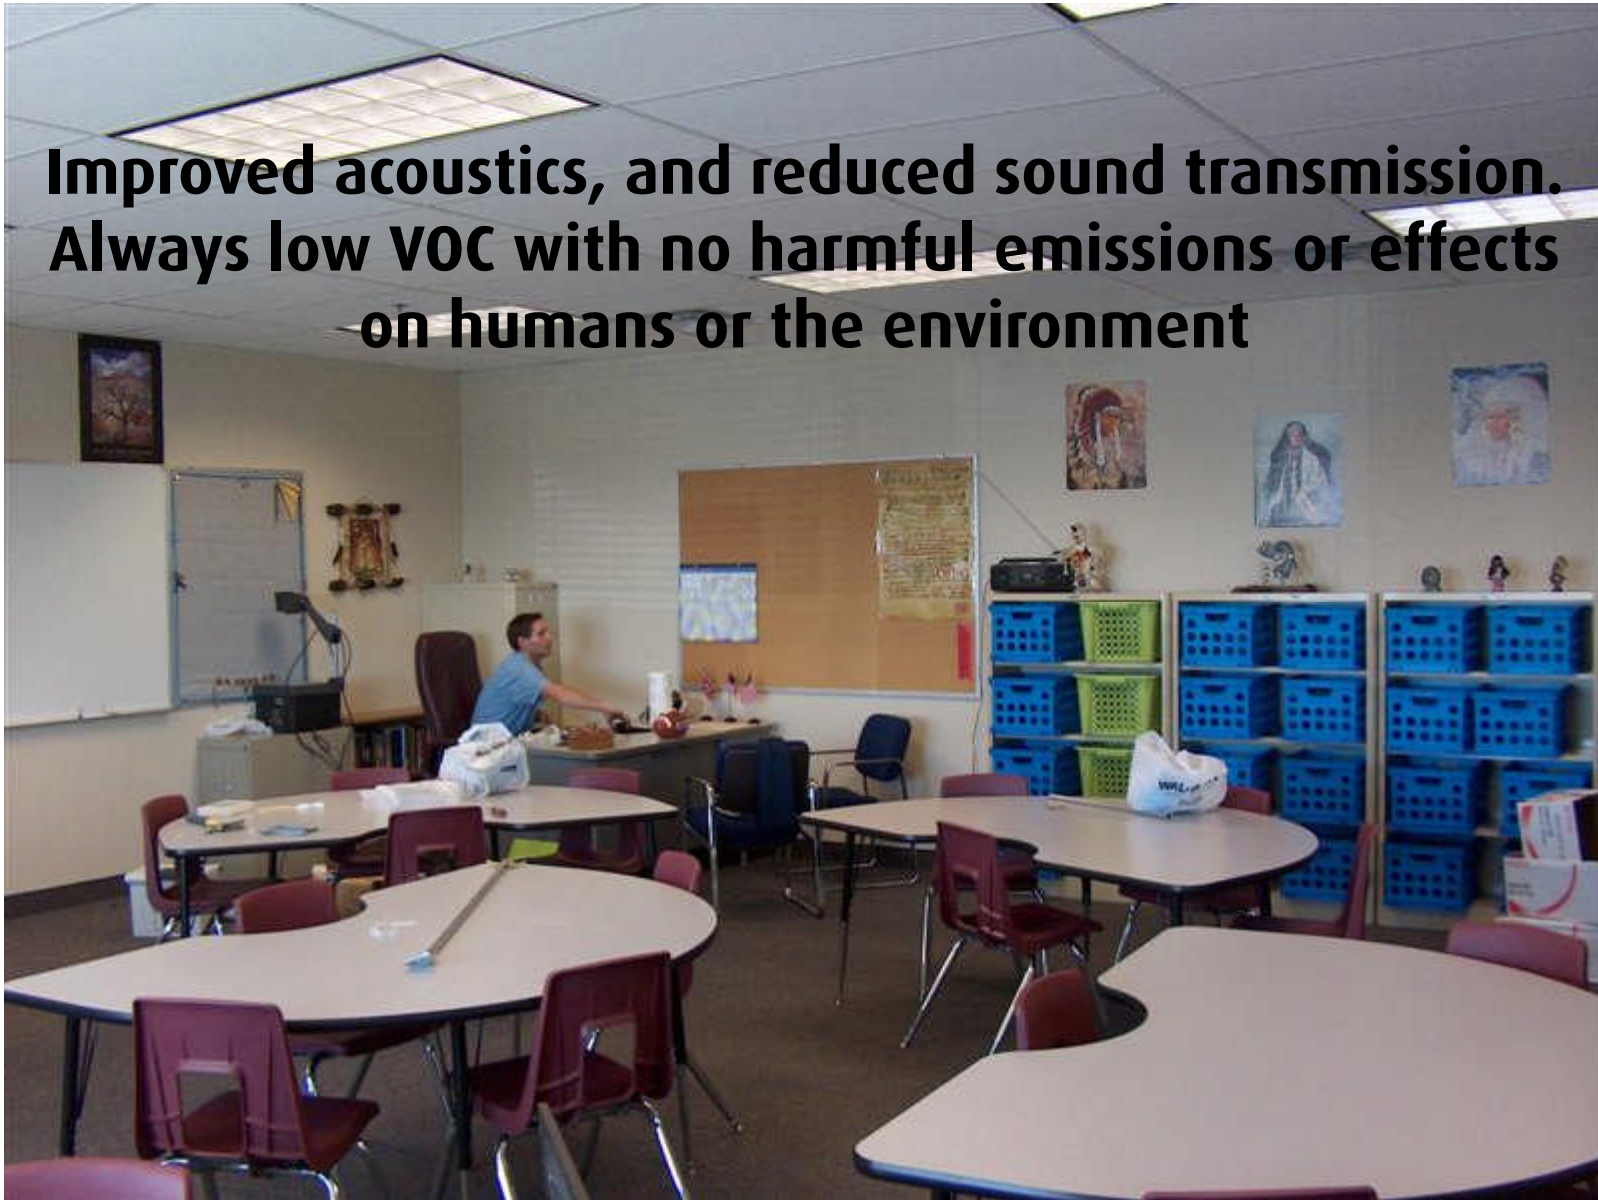

**Hallways are  
brighter and  
quieter with  
Thermo-shield.**

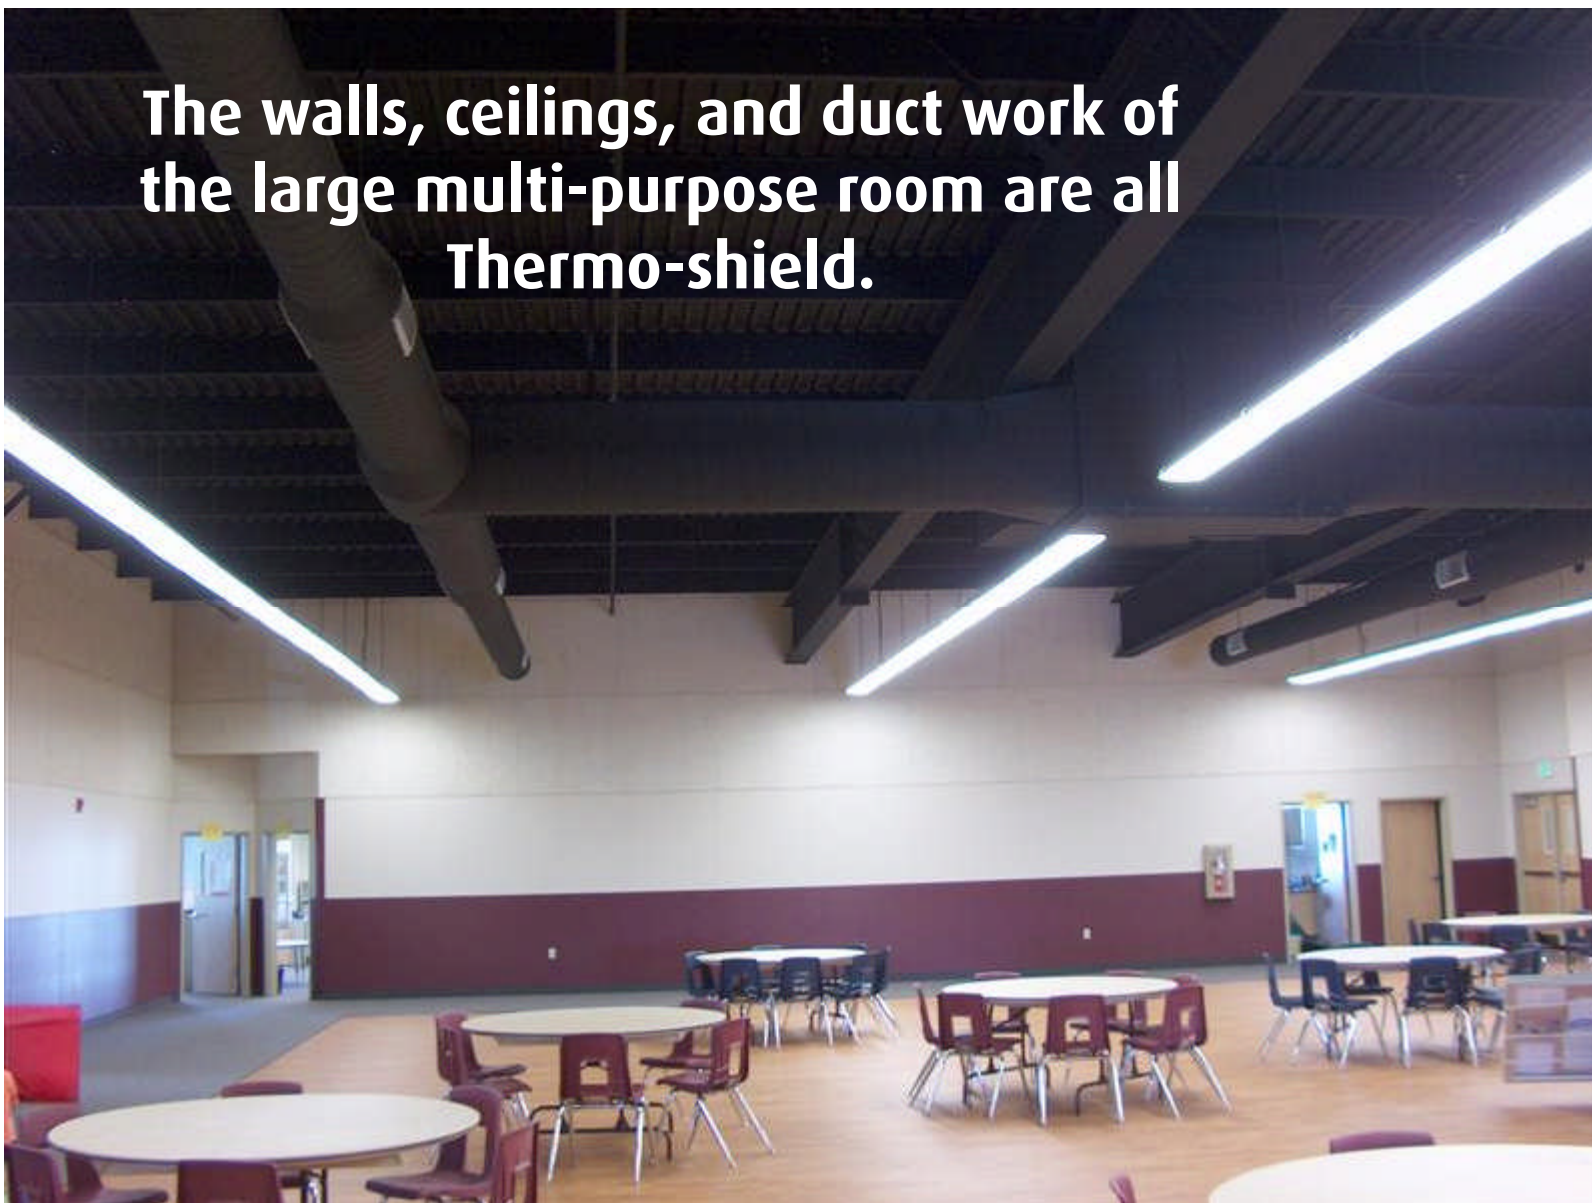

**Thermo-shield classrooms are comfortable, cozy, and quiet.**

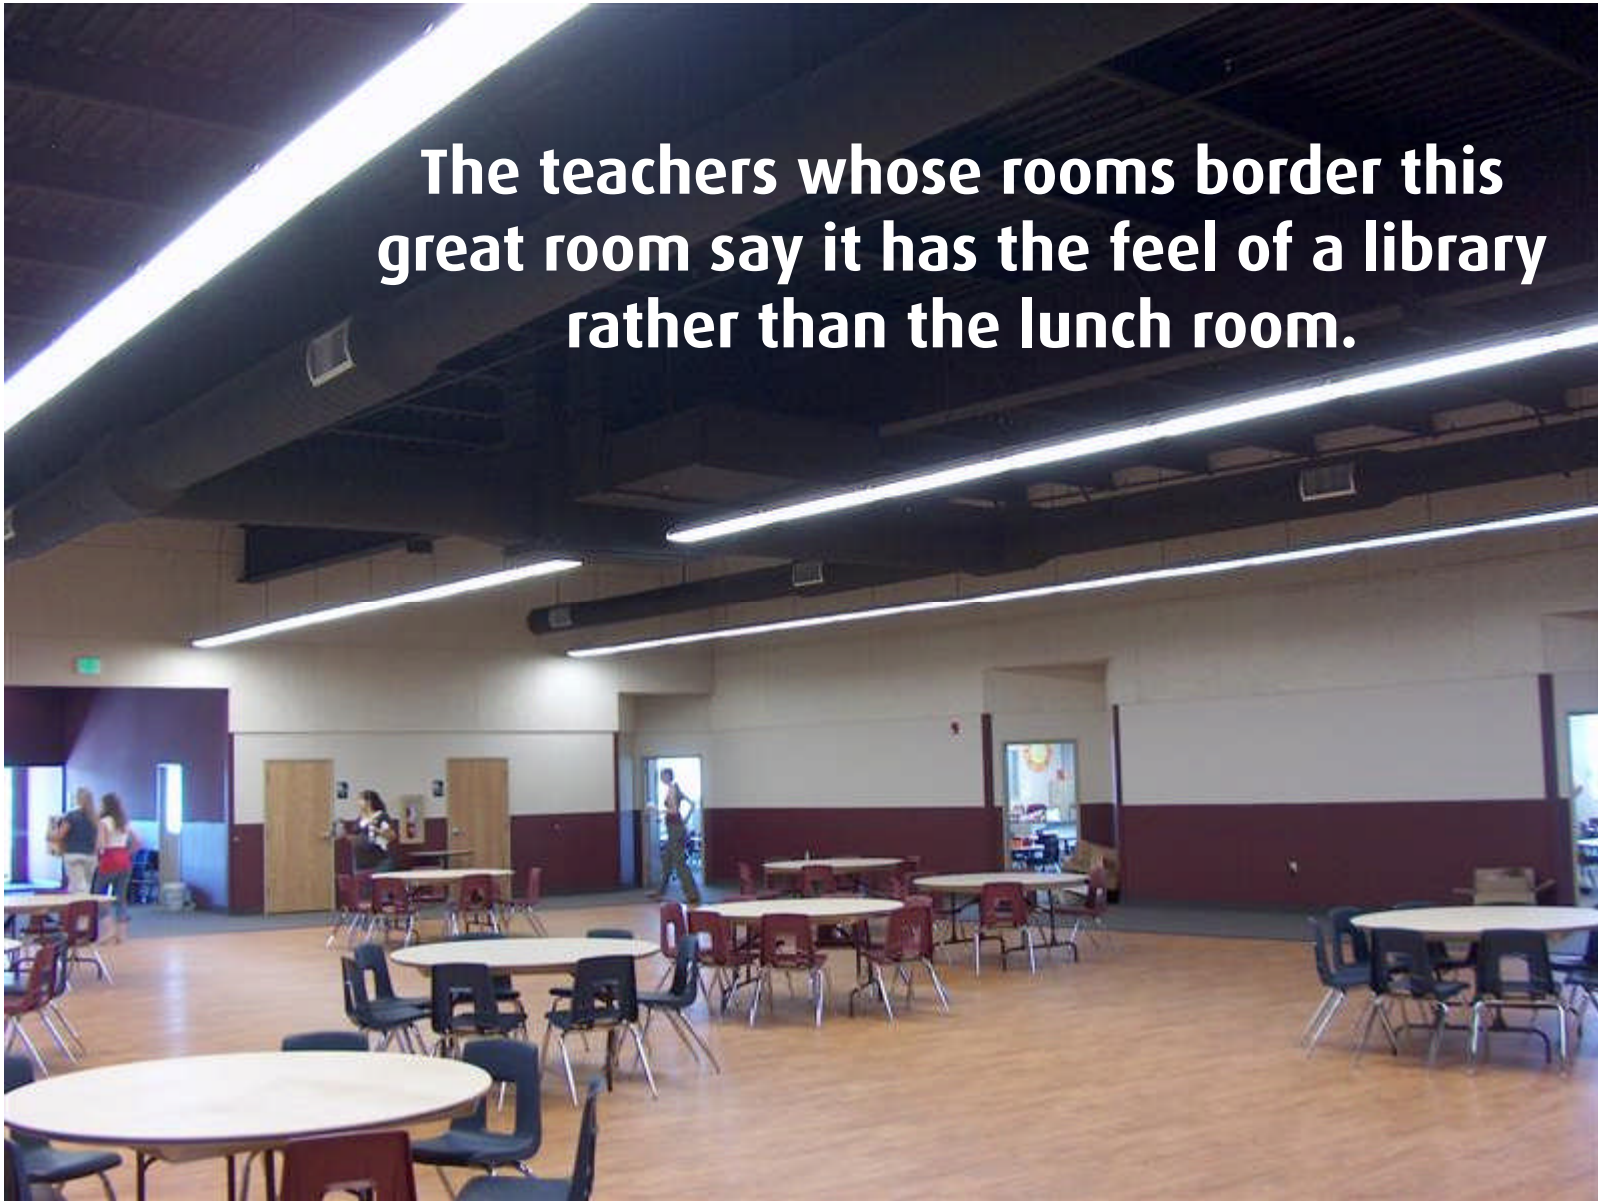

**Improved acoustics, and reduced sound transmission.  
Always low VOC with no harmful emissions or effects  
on humans or the environment**

**The walls, ceilings, and duct work of the large multi-purpose room are all Thermo-shield.**

**The teachers whose rooms border this great room say it has the feel of a library rather than the lunch room.**

## **SCHOOL HEATS BUILDING** **WITH CHILDREN !**

**AFTER THE FIRST WINTER, THE HEATING BILLS WERE CHECKED AND THE SCHOOL DETERMINED IT HAD COST THEM AN AVERAGE OF ONLY \$300.00 PER MONTH TO HEAT THIS 48,000 SQ FT SCHOOL**

**MY MOTHER HAS A HOME IN THE SLC AREA WHICH IS A LITTLE LESS THAN 4000 SQ FT. EVEN WITH 6" WALLS, SHE PAID ON AVERAGE \$650.00 TO HEAT HER HOME DURING THE SAME RECORD COLD 06-07 WINTER**
